| IN RE: Application of SmartStop, Inc. for a |) | ORDER <i>✓</i> |
| Certificate of Public Convenience and |) | APPROVING |
| Necessity to Operate as a Reseller of |) | CERTIFICATE |
| Interexchange Telecommunications Services |) | |
| within the State of South Carolina. |) | |

This matter comes before the Public Service Commission of South Carolina (the "Commission") by way of the Application of SmartStop, Inc. ("SmartStop" or the Company") requesting a Certificate of Public Convenience and Necessity authorizing it to operate as a reseller of intrastate interexchange telecommunications services in the State of South Carolina. The Company's Application was filed pursuant to S.C. Code Ann. §58-9-280 (Supp. 1997) and the Regulations of the Public Service Commission of South Carolina.

The Commission's Executive Director instructed SmartStop to publish, one time, a prepared Notice of Filing in newspapers of general circulation in the affected areas. The purpose of the Notice of Filing was to inform interested parties of the SmartStop Application, and of the manner and time in which to file the appropriate pleadings for participation in the proceeding. SmartStop complied with this instruction and provided the Commission with proof of publication of the Notice of Filing. No Petitions to Intervene or Protests were filed.

A hearing was commenced on October 20, 1998 at 11:00 A.M., in the Commission's Hearing Room. The Honorable Philip T. Bradley, Chairman, presided. F. David Butler, General Counsel, represented the Commission Staff.

David Coulson, Director of Regulatory Affairs for the Company, testified on behalf of the Company's Application. The record reveals that SmartStop is a corporation organized under the laws of the State of Oregon, and is authorized to transact business in South Carolina as a foreign corporation by the South Carolina Secretary of State. According to Coulson, SmartStop proposes to offer long distance services using resold transmission services of underlying carriers which are duly certified by the Commission. Coulson explained the Company's request for authority to provide interexchange telecommunications services in South Carolina as a reseller. The record reveals the Company's services, operations and marketing procedures.

Coulson also explained that SmartStop possesses the technical, financial and managerial abilities to provide its services in South Carolina. Young testified that the Company would operate in accordance with the Commission rules, regulations, guidelines, and Commission Orders. Finally, Coulson offered that approval of the SmartStop application is in the public interest as SmartStop's services will give South Carolina customers a wider selection of high quality services from which to select.

After full consideration of the applicable law, the Company's Application, and the evidence presented at the hearing, the Commission hereby issues its findings of fact and conclusions of law:

FINDINGS OF FACT

1. SmartStop is organized as a corporation under the laws of the State of Oregon and is authorized to do business as a foreign corporation in the State of South Carolina by the Secretary of State.
2. SmartStop will operate as a non-facilities based reseller of interexchange services in South Carolina and wishes to provide its services in South Carolina.
3. SmartStop has the experience, capability, and financial resources to provide the services as described in its Application.

CONCLUSIONS OF LAW

1. Based on the above findings of fact, the Commission determines that a Certificate of Public Convenience and Necessity should be granted to SmartStop to provide intrastate interLATA service and to originate and terminate toll traffic within the same LATA, as set forth herein, through the resale of intrastate Wide Area Telecommunications Services (WATS), Message Telecommunications Service (MTS), Foreign Exchange Service, Private Line Service, or any other services authorized for resale by tariffs of carriers approved by the Commission.
2. The Commission adopts a rate design for SmartStop for its resale services which includes only maximum rate levels for each tariff charge. A rate structure incorporating maximum rate levels with the flexibility for adjustment below the maximum rate levels has been previously adopted by the Commission. In Re: Application of GTE Sprint Communications Corporation, etc., Order No. 84-622, issued in Docket No. 84-10-C (August 2, 1984).

3. SmartStop shall not adjust its rates below the approved maximum level without notice to the Commission and to the public. SmartStop shall file its proposed rate changes, publish its notice of such changes, and file affidavits of publication with the Commission two weeks prior to the effective date of the changes. However, the public notice requirement is waived, and therefore not required, for reductions below the maximum cap in instances which do not affect the general body of subscribers or do not constitute a general rate reduction. In Re: Application of GTE Sprint Communications, etc., Order No. 93-638, issued in Docket No. 84-10-C (July 16, 1993). Any proposed increase in the maximum rate level reflected in the tariff which would be applicable to the general body of the Company's subscribers shall constitute a general ratemaking proceeding and will be treated in accordance with the notice and hearing provisions of S.C. Code Ann. §58-9-540 (Supp. 1996).

4. If it has not already done so by the date of issuance of this Order, SmartStop shall file its revised maximum tariff and an accompanying price list within thirty (30) days of receipt of this Order. The revised tariff shall be consistent with the findings of this Order and shall be consistent with the Commission's Rules and Regulations.

5. SmartStop is subject to access charges pursuant to Commission Order No. 86-584, in which the Commission determined that for access purposes resellers should be treated similarly to facilities-based interexchange carriers.

6. With regard to the Company's resale of service, an end-user should be able to access another interexchange carrier if the end-user so desires.

7. SmartStop shall resell the services of only those interexchange carriers or LECs authorized to do business in South Carolina by this Commission. If SmartStop changes underlying carriers, it shall notify the Commission in writing.

8. With regard to the origination and termination of toll calls within the same LATA, SmartStop shall comply with the terms of Order No. 93-462, Order Approving Stipulation and Agreement, in Docket Nos. 92-182-C, 92-183-C, and 92-200-C (June 3, 1993).

9. SmartStop shall file surveillance reports on a calendar or fiscal year basis with the Commission as required by Order No. 88-178 in Docket No. 87-483-C. The proper form for these reports is indicated on Attachment A.

10. The Company shall, in compliance with Commission regulations, designate and maintain an authorized utility representative who is prepared to discuss, on a regulatory level, customer relations (complaint) matters, engineering operations, tests and repairs. In addition, the Company shall provide to the Commission in writing the name of the authorized representative to be contacted in connection with general management duties as well as emergencies which occur during non-office hours.

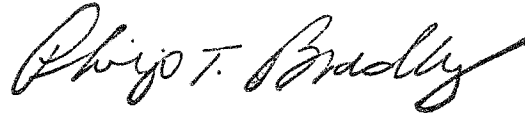

SmartStop shall file the names, addresses and telephone numbers of these representatives with the Commission within thirty (30) days of receipt of this Order. Attachment B shall be utilized for the provision of this information to the Commission. Further, the Company shall promptly notify the Commission in writing if the representatives are replaced, and the Company is directed to comply with the Commission regulations unless waived by the Commission.

11. As a condition of offering debit card services and prior to offering debit card services in South Carolina, the Commission requires the Company to post with the Commission a bond. The bond shall be either in the form of a Certificate of Deposit worth \$5,000 drawn in the name of the Public Service Commission of South Carolina or a surety bond in the amount of \$5,000 which is payable to the Commission. A Certificate of Deposit shall be drawn on federal or state chartered banks or savings and loan associations which maintain an office in this state and whose accounts are insured by either the FDIC or the Federal Savings and Loan Insurance Corporation. A surety bond shall be issued by a duly licensed bonding or insurance company authorized to do business in South Carolina. This condition of a bond may be reviewed in one year.

12. If the Company sells its debit cards to retail establishments for resale of the debit cards, and the retailer of the debit cards deviates from the suggested retail price as filed in the tariff, or as approved by the Commission in a special promotion, then the Company will withdraw its cards from that retail outlet. This Commission strongly suggests that the Company enter into written agreements with its South Carolina retail outlets, prior to the retail outlet marketing the card, regarding this policy of abiding by suggested retail pricing.

13. This Order shall remain in full force and effect until further Order of the Commission.
